Highlight of the Quarter

The 2013 Florida Archaeology Month was very successful in southeast Florida. We participated in a total of fifteen lectures, events, and related activities in Palm Beach, Broward, Miami-Dade and Monroe Counties. These efforts allowed us to introduce over 2,700 people to the missions and goals of FPAN. In addition, we distributed approximately 800 FAM posters to our FAS chapters and to the Florida State Parks within our region.
