

West Central & Central Regional Centers  
July/August/September 2021  
Jeffrey Moates, Director  
Nigel Rudolph, Public Archaeology Coordinator  
Rachael Kangas, Public Archaeology Coordinator

FPAN Staff participated in 49 distinct meetings/events/activities during the April-June 2021 quarter, serving 575 people in education and outreach in Florida archaeology. Staff divided these activities mostly between meetings, site visits, and presentations. Other events, a necessary few, categorized as a festival, youth programs, and other activities were part of the quarterly activity record.

### **Quarter Highlights:**

Highlights this quarter included the completion and premier of our documentary *They Taught Us How to Work, and How to Love One Another*. The short documentary features community members of Archer, FL taking lead to protect and preserve their sacred spaces. Our newest team member, Rachael Kangas, arrived this quarter as well and joins the West Central Regional Center as Outreach Coordinator and leader in all things Public Archaeology in the Tampa Bay area.
